Morgan Elementary School

Thankyou for letting us
the 5th grade go to Golf Shores. Aveyone
injoyed it to, and I got to work on
my putting. The First thing I loved
about golf shores was that we come
in third. Second thing I had four
hole in ones. That pretty good, Third
I thank you for letting me have fun
with my friends. Those are a few
of a some and fun things I did
at GOLF SHORES

Fun at Golf Shores 5/14/10

Today, my class and I went to Golf Shores for a field trip. It was a lot of fun. Boys and girls were split up and there were four people on each team. On my team was Natalie Jacobi, Megan Fessel, Ali Gelman, and me. We all had a good time together. There were eighteen holes inside and eighteen holes outside. Between switching to the next course we ate pizza and had soft drinks.

The team winner of the tournament was Nick, Austin, Alex, and Collier. The most aquatic, which means got the most balls in the water was Victoria. The most in need of an eraser trophy went to Brooklyn Bruner. The second place out of the whole fifth grade was one of my teammates, Natalie Jacobi. The number one winner out of fifth grade was... ME! I was really excited! I got a trophy, a free round of mini-golf, and the Morgan Masters coat. The team of four that won and I got our pictures taken out by the fountain on the outside golf course. We also got our names on a big plaque/trophy thing. That was a really awesome field trip!

The Three things I liked about Golf Shores

I have three things I liked about Golf Shores they are lunch, Arcade, and golfing. The first thing I liked about Golf Shores was lunch. I liked lunch because we had pizza and coke, and because pizza is my favorite food and coke is my favorite drink. The second thing I liked about Golf Shores was the arcade. I liked the arcade because I won a ring and I almost got a pig out of the crane machine. The third thing I liked about Golf Shores was golfing. I liked golfing because it's something you can do when your bored and you get to have fun. Those will always be my favorite things at Golf Shores.

My three favorite things about Golf shores

My three favorite things about Golf Shores is we got to pick our teams with our friends, free sodas, and the great staff. My first favorite thing about Golf Shores is we got to pick our teams with our friends. The reason why I picked it is because we would probably end up with somebody we don't like if we didn't get to pick and we got seperated from the boys. (Thank god) My second favorite thing about Golf Shores is free sodas. The reason why I picked it is because I was really thirsty at the time and I got refills. My third and favorite one is the great staff at Golf shores. The reason why I picked it is because they weren't mean, and they didnt get mad, and they let us have fun. Those are the three things I love about Golf shores and you really need to go there.
